Mal's Corner

Harry a lawyer, who had a wife and 12 children, needed to move because his rental

agreement was terminated by the owner who wanted to reoccupy the home. But Harry was having a lot of difficulty finding a new house. When Harry mentioned that he had 12 children, no one would rent a home to him because they felt that the children would destroy the place. Harry couldn't say he had no children because he couldn't lie. We all know lawyers cannot and do not lie. So, Harry sent his wife for a walk to the cemetery with 11 of their kids. He took the remaining one with him to see rental homes with the real estate agent. Harry loved one of the homes and the price was right -- the agent asked, "How many children do you have?" He answered: "Twelve."The agent asked, "Where are the others?"The lawyer, with his best courtroom sad look, answered "_They're in the cemetery with their mother!!!"_

*MORAL: It's not necessary to lie, one only has to choose the right words...**And this is how half-truth is presented to us every day by our politicians.*

Have a GREAT Week !
