

# MENS SHED

Auckland East

The work has begun

# NEWSLETTER

JUNE 2018

We have had upwards of 35 enthusiastic members at our working bees. Pretty good attendance from a paid up membership of 76. Good progress is being made cataloguing, cleaning and refurbishing donated equipment. This is an ongoing project in conjunction with refurbishing and modifying the building.

The board and the Shed Management Committee have decided the fortnightly Friday coffee mornings become a weekly event. The Shed will open at 09.00 - 12.00 to continue with the shed and equipment restoration along with community and personal projects. Coffee and notices will be at 10.30 with Board and Shed management reports presented every second week.

Stonebake Café products can be ordered in the Shed at 09.00 Friday mornings for delivery at 10.30. Just add your name to the list and place your money in the box provided.

**Tuesday opening**

The first batch of shed duty manager training has been completed and as a result **Tuesday 15<sup>th</sup> May** became our first full operational day. At this stage a duty manager will be in attendance from 09.00 to 15.00 every Tuesday.

Woodworking machinery will be brought on line as it becomes available. Until then we will be using our own tools for our own and community projects.

The Shed management committee needs members input to determine what days and times the Shed should be operating.

## Ellerslie Theatrical Society set build

Shed members have assisted in another successful set build for the latest ETS performance. Would you like to help out building the sets for the ETS shows? The work takes place before the start of each new production at the Ellerslie Hall in the Ellerslie shopping centre, on the corner of Ellerslie Main highway and Arthur Street.

# MENS SHED

## Auckland East

The conference was a big success. For all of the 16 attendees from our shed it was our first one and we pleased to meet Sheddies from all over NZ, to hear about some of the amazing work they are doing, learn about the Aussie shed association and enjoy all the social stuff.

A couple of key outcomes:

1. Bernie Ward from our shed will be the Region 1 Representative, visiting all the sheds in Northland and Auckland and convening regular local gatherings.
2. The next conference is likely to be hosted by the Taieri Bloke's Shed, with a venue in Mosgiel.

### A plan for the future

A proposed plan for the future alterations and layout of the shed has been emailed to all members and a copy is available to view in the shed. Your input is sought. If you have any comments on the proposal or anything you would like to see included in the shed in the future, now is the time to let the board know. The board and the shed management committee would like to finalize the plan starting at the end of May, then begin detailed design drawings for the various consents and approvals needed to proceed and also start the fund raising campaign.

Rat trap production Project 1003

### Shed Community Projects

Community projects coordinator John Coutts
